Greeting to all,

On behalf of the Cambodian Association of the Ottawa-Valley, I would like to express my heartfelt appreciation for the generous support from everyone at the Association's fundraising event on January 23/2010. I want also to say many thanks to:

- Ratanak Pratib temple, Bodhikaram temple, Soma Selepak, NGO Khmer-Canada and Sam Rainsey Party for their collaboration and involvement.
- all our volunteers that help us in different tasks at the event like setting up, greeting guests, supplying food and cleaning up etc...
- younger generations for coming out in big crowd to participate.
- all community members participants.
- our generous sponsors.

Everyone deserves a pat at the back for making that event such a great success as well as your recognition of the importance of its cause to raise fund for the celebration of the 30th anniversary of our settlement in this City.

It was a great day full of excitement to see all our community members participating in this special event, showing full support towards our cause. The Board of Directors of the Association are encouraged, by this token of appreciation & recognition, and will try to serve the Ottawa-Gatineau Cambodian community with the best of our abilities.

Again, thank you for the generous support and collaboration.

Thank You,

Chamroeun Lay
